

**EDUCATION**

---

**Lomonosov Moscow State University (MSU)**  
Faculty of Mechanics and Mathematics  
Theses on computer geometry

2018 – Present  
(current - 3rd year of studies)

**PROFESSIONAL EXPERIENCE**

---

**Severstal, Moscow**

September 2020 – March 2021

*Specialist, Project Management of Controlling*

- Development of new products and work with up-to-date data
  - Updated databases of company's innovative projects and created automated dashboards
  - Worked with analytical data, Excel, Jira, Confluence, SAP Analytics Cloud
- Development and optimization of models, implementation of mathematical methods
  - Proposed and implemented an innovative model for ranking projects of the company's investment program in the amount of \$ 1.5 billion
  - Developed a model for the preliminary assessment of R&D projects
  - Created a mathematical model for predicting Severstal ESG indicators using the methodology of the international rating MSCI

**LANGUAGES**

---

Russian (native), English (fluent), German (basic), Arabic (basic)

**EXTRACURRICULAR ACTIVITIES**

---

- |   |                           |
|---|---------------------------|
| • Course on Mathematics and Python for Data Analysis, Coursera (60 hours)     | February 2021 – Present   |
| • Course on the theoretical foundations of neural networks at MSU             | February 2021 - Present   |
| • MSU Student Olympiad in Differential Equations, 3rd place                   | April 2020                |
| • Course in computer geometry in Wolfram Mathematics, MSU                     | February – May 2020       |
| • Tinkoff course on industry analytics and advertising technology, MSU        | September – December 2019 |
| • MIPT Olympiad in mathematics, 1st place                                     | March 2018                |
| • Finalist of the All-Russian Olympiad for schoolchildren in physics in Kazan | March 2017                |
| • ROSATOM Olympiad in mathematics, 1st place                                  | March 2017                |
| • MSU Olympiad in physics, 1st place  | March 2016                |
| • Obtaining certificate, German (B2)  | February 2016             |

**PROFESSIONAL SKILLS**

---

- Confident knowledge and use of the C++ at work and in studies
- Use of Python in studies
- Confident knowledge and use of the Wolfram Mathematics at work and in studies
- Frequent use of LaTeX

**HOBBIES**

---

- |   |                           |
|---|---------------------------|
| • European Karate Championships in Denmark, 1st place             | October 2019              |
| • World Karate Championships in Bratislava, 1st place             | June 2019                 |
| • Student karate competitions of Moscow universities, first place | December 2019, April 2021 |
| • Master of Sports of Russia in karate                            | since 2018                |
| • Music school, brass department, specialization saxophone        | 2007 - 2018               |
